Kairos 15 and 16

Building a strong community of openness, reflection, and trust.

What is Kairos?

Kairos 15 in December and Kairos 16 in March offered fifty-one juniors and seniors from OLA and SSC a chance to find their personal story of relationship with God. The Kairos retreat process, based on the tried and true international Cursillo movement, stands out among retreats because it is led mostly by student ministers who have made the retreat themselves.

Kairos 15 (above) and Kairos 16 (below) end with the group picture before departure back into the real world.

To keep the Kairos experience alive in everyday life, past retreatants gather every Monday night in the school chapel.

Campus Ministry

What is Campus Ministry?

Campus Ministry is an important addition to our school. The student ministers and their adult leaders add their faith, hopes, and caring to school activities. These include prayers throughout the school day, retreats for every grade, mentoring of underclassmen, liturgical celebrations, and eucharistic ministry. The student ministry team, along with a volunteer choir, becomes what the Gospels call salt and light that bring out God's presence in the life of the school.

1) Senior Brendon Caliva leads the school in prayer as a reader on Holy Thursday.

2) As an important part of Campus Ministry, the choir sets a prayerful tone for school liturgies.

3) Prior to the members of the Klageh Mission Trip embarking on their journey, they received a ceremonial washing of the feet.

Mu Alpha Theta is a nationally recognized organization whose focus is to support the development and interest of students in the study of mathematics. Its members are students in grades 9-12 who have demonstrated skill in problem solving and are intent on expanding these skills.

Our Mu Alpha Theta team competed in several competitions this year, the most notable of which was the National Log I competition. We finished eighteenth out of forty-one schools and sixty-ninth out of 192 nationally-ranked chapters, scoring in the sixty-fourth percentile nationally. We also competed in the MS College Math/Science Competition, nine of our twelve competitors earning \$88,000 in scholarships and two scoring in the top five percent.

Bro. Eduardo Baldioceda

During his time at SSC, Bro. Eduardo has taught Spanish, Computer Science, Earth Science (his favorite), and Math.

He is the moderator of the Radio club and has been able to communicate with other HAM Radio enthusiasts from 150 countries. His oldest radio is a 1930 Atwater-Kent AM radio.

Bro. Eduardo's interest in science and technology has influenced the history of SSC. In the late 70's/early 80's, Bro. Eduardo brought computers to the SSC campus. A year after Katrina, the SSC language department received a grant from the French Rotary Club for the Rosetta Stone program. Beginning this year, Bro. Eduardo is the first teacher at SSC to incorporate the hybrid paper/online book versions as an easier way to use the books at school and at home. Next year, Bro. Eduardo will teach computer science classes.

His most memorable experiences at SSC were Hurricanes Camille and Katrina. During Hurricane Katrina, Bro. Eduardo captured his own footage of the storm at SSC which was used on WLOX and many other TV news stations. Another memorable experience of his was the time when President Bush visited SSC.

For his dedication and work, Bro. Eduardo was given the honor of being inducted into the Hall of Fame at SSC in 2013.

54 years of service

29 years as a prefect

25 years as a SSC summer camp worker

You have to leave the city of your comfort and go into the wilderness of your intuition. You can't get there by bus, only by hard work and risk and only by not knowing what you are doing, but what you'll discover will be wonderful. What you'll discover will be yourself. -Alan Alda.

CONGRATULATIONS Raymond Mion!
